She attended the University of North Dakota and in 1919 became the first woman to graduate from the University with a degree in Physical Education. However, the KPHE Department has also awarded the Keegan Scholarship to outstanding male students. Both females and males are encouraged to apply for this scholarship.

If you expect to graduate in December, you may be awarded a partial annual amount. This scholarship is typically awarded to 3-4 students annually. Awards range from $500-$1000 depending on how much is forthcoming each year from the UND Foundation.
